

【Regular Daycare】 Recruitment Schedule for Enrollment in the Nursery School for FY2026

- Children for regular daycare will be recruited four times a year, as described below.

However, please note that the period and number of recruitment are subject to change due to children's enrollment status or the spread of an infectious disease.

- Those who wish to use the Nursery School immediately after maternity leave or child-raising leave may apply any time of the four recruitment periods in the same fiscal year.

Please note that if it is difficult to enter your child into the Nursery School within a designated fiscal year despite your receiving an informal acceptance for enrollment, the informal acceptance will be revoked and you will lose the right to use the Nursery School for regular daycare.
