

OK Google. Find me an internship!

# Software Engineering Internship

Are you interested in working with Google Engineers?

Google provides a full time paid internship to students interested in working at Google Japan. Internship period can be between 8 to 17 weeks. You will have an opportunity to work in teams such as Maps, Search and Chrome and be assigned a project and work together with a Google mentor.

Take this opportunity and apply today!

**Location:** Shibuya Stream

**Application period:** Until Apr 12th

**Hiring process:**

- **Programming web test:** April 20 ~ April 25

(Those who pass the test will move forward to onsite interviews)

- **Interview:** Mid May ~ Early June

**Internship period:** August onwards
